- **Sensational Subject with a Message**

  Another film with a sensational subject is ready to hit the screens. â??The Indian Storyâ?• starring Raj Bhiem Reddy and Zara Khan is all set for release. Chammak Chandra, Mukhtar Khan, Ramaraju, Sameer, CVL Narasimha Rao, and Ananth played key roles in this film. The film is produced by Raj Bhiem Reddy under the banner of The Bhiem Reddy Creations. Director R Rajasekhar Reddy has made this film with all the commercial elements along with a message that there should be religious harmony in the society. The film is set to hit the theaters on May 3rd.

In this context, the pre-release event of the film was held grandly at the Ramanaidu Studio in Hyderabad. Mementos were presented to the members of the film unit in this program.

Speaking at the event, director R Rajasekhar Reddy said: All religions are equal. We have made â??The Indian Storyâ?? movie with a good concept that all humans are one. Some politicians are instigating fights between religions for their own selfishness. We have discussed this issue in our movie. Due to this, we had to face a lot of problems. Our team was warned. Cases were filed against us. Attempts were made to attack us. But we are releasing the film without fear. Our film has a message along with all the commercial elements. The Indian Story movie will impress with comedy, action, love, drama, and emotion elements.

Speaking as the producer and hero, Raj Bhiem Reddy said: There is no politics behind our making of The Indian Story movie. We have tried to make a good message-oriented film with commercial elements. We faced a lot of problems in the censoring matter. My only request is that there should be a censor officer who knows the local language in any language. Telugu officers should be there for censoring Telugu films. Only then can they understand the emotions in our films properly. The entire team worked very hard to make The Indian Story movie in a way that everyone likes. This movie will not be as serious as you think. There will be comedy, action, and drama. My scenes with Chammak Chandra came out hilariously. Many people are asking why I made my first film with such a sensitive subject. Even though it is a sensitive subject, we have dealt with it very carefully without sending any

negative message to the society. We have handled the story in a way that is acceptable to everyone. The movie will be such that the censors will also find it reasonable. Editor JP, direction team, and writing team worked with passion. One Media Parthu took care of the entire post-production. We are happy that we are bringing this film to the audience even though we faced many hurdles. Similarly, we are releasing the film in theaters tomorrow. We can confidently say that The Indian Story will be the box office winner of this week, no matter how many films are released. My next movie will be action-oriented. It will have as much action as if Animal and KGF are combined. We have titled that movie â??Lutherâ??. We will take that movie to the sets in a few more days.

Heroine Zara Khan said: I came from Mumbai. I am happy to be introduced to Tollywood with The Indian Story movie. I acted as the heroine in this movie. I consider it fortunate to enter the Telugu film industry with a character that has scope for acting. I have seen many Telugu dubbed films in Mumbai. After seeing them, I realized how big an industry the industry here is. Watch The Indian Story movie. It has a good concept, message, and entertainment.

Speaking as co-producer Kamal Hasan Patrudu: Thanks to all the media friends who came here to support The Indian Story movie. I am thanking my unit, which worked hard as a team. We faced many problems in bringing this film to this point. We faced those problems happily too. Watch The Indian Story movie in theaters.

Speaking as editor JP: Just like you liked our movie trailer, the movie will also impress all sections of the audience. We are releasing this movie grandly tomorrow. After watching this movie, a good thought will start in you. You will understand why there are fights in the name of religion. It is a movie that will entertain the audience while making them think.

One Media Parthu said: The entire post-production of The Indian Story movie was done under my supervision. I am happy that I became a part of a good movie while working on the movie. Director R Rajasekhar Reddy and producer hero Raj Bhiem Reddy made a good effort. I request all the audience to support this film.
