

Historic 'Jai Dwarka' Campaign Unveils Ancient Glory of Dwarka

Description

Hyderabad: The Jai Dwarka campaign by the Telangana-based NGO IT'S 6TH WOW has brought global attention to the ancient submerged city of Dwarka, Gujarat, believed to be the legendary capital of Lord Sri Krishna. Spearheaded by eminent historian Ravindraji, the campaign celebrated a monumental milestone on December 21 by organizing the Sri Krishna Jala Japa Deeksha, a record-setting spiritual event that earned a place in the Indian Book of Records.

A Rediscovery of the Ages

Ravindraji's groundbreaking research has unearthed remarkable insights into Dwarka's historical significance, reaffirming its stature as a global capital of ancient times. Speaking at a press meet at the Hyderabad Press Club, he emphasized the campaign's mission to urge the Government of India to intensify underwater excavations and rediscover the city's submerged glory.

The Sri Krishna Jala Japa Deeksha was not just a spiritual endeavor but a symbolic appeal to revive Dwarka's ancient heritage. We are grateful to the Gujarat Government and the Ministry of Tourism for their unwavering support in this historic initiative," Ravindraji stated.

Sri Krishna Jala Japa Deeksha: A Spiritual Marvel

The Sri Krishna Jala Japa Deeksha took place off the Dwarka coast, where Prime Minister Narendra Modi once participated in scuba diving explorations. Highlights of the event included:

Underwater Ritual: Ravindraji, along with seven expert scuba divers, performed a spiritual ritual beneath the waves.

Surface Devotion: Simultaneously, 70 participants conducted the Japa ritual on the sea's surface.

Sacred Havan Puja: A Havan Puja was performed to invoke blessings for the success of ongoing and future underwater excavations.

Cultural Performances: Artistic renditions of Sri Krishna's life and the legacy of Dwarka enthralled attendees.

The event earned the distinction of being the largest underwater spiritual practice, as confirmed by Swarna Sri, an adjudicator for the Indian Book of Records.

Aiming for Guinness Glory

Taking the campaign to the next level, ITâ??S 6TH WOW is preparing for a Guinness World Record attempt on February 17, coinciding with World Tourism Racelines Day. The plan involves assembling 700 participants to form a colossal Jai Dwarka logo on the seaâ??s surface, inspired by Sri Krishnaâ??s iconic seven peacock feathers. The logo represents the interconnectedness of seven ancient civilizations and aims to further Dwarkaâ??s candidacy as a UNESCO World Heritage Site.

Notable Contributors and Supporters

The campaign has garnered immense support from prominent individuals and organizations, including:

Ravindrajith, Member of the World Tourism Day Committee (UNWTO) and General Secretary of ITâ??S 6TH WOW.

Vinay Patrale, National President of Bharat Bharati.

Shahi Khan, President of ITâ??S 6TH WOW and chief organizer of the Jai Dwarka Campaign.

Dr. Meenakshi Padmanabhan, International Coordinator of the campaign.

Swarna Sri, International Adjudicator and Kuchipudi Dance Ambassador.

A Blend of Spirituality and Heritage

This ambitious initiative seamlessly combines spirituality, cultural heritage, and global recognition. The Jai Dwarka Campaign has not only highlighted Dwarkaâ??s historical and religious significance but also positioned it as a treasure of global heritage.

The journey to rediscover Dwarkaâ??s glory is far from over. With continued efforts and international recognition, this submerged city is set to regain its place in history as a symbol of ancient grandeur and cultural pride.
