

â??Kalivi Vanamâ?? Movie to Hit Theatres on November 21st

Description

â?â?• Trailer Unveiled by Media Friends

Hyderabad: â??Vruksho Rakshati Rakshitahâ?• (The protected tree protects) is what the elders said. â??Kalivi Vanamâ?? is a film that conveys this meaning and the importance of forest conservation to the audience in a heartwarming way. Set against the backdrop of a Telangana village, the film, shot amidst natural beauty, is written and directed by Raj Narendra. Produced by Mallikarjun Reddy and Vishnuvardhan Reddy under the AR Productions banner, â??Kalivi Vanam,â?? which is based on the slogan â??Worship nature, love it, protect it,â?• is set to be released on November 21st.

Raghu Babu, Sammetta Gandhi, Vijayalakshmi, Bittiri Satti, Balagam Satyanarayana, Mahendra Nath, Satish, Sri Charan, Ashok, and others played key roles, with Nagadurga being introduced as the heroine.

As the film completed all its production activities, the trailer and release date poster were unveiled by senior journalists Ravichandra, Phani, Keshava Chari, Cine Josh Rambabu, Shiva Mallala, and Radhakrishna.

Actor Sammetta Gandhi saidâ?? â??This film wonderfully showcases how important forests and trees are in our lives. Our director, Raj Narendra garu, and producers, Mallikarjun Reddy garu and Vishnuvardhan Reddy garu, worked day and night without compromising on the budget. This is not a small film; it is a big film with a great message. I believe the media friends will take this to the public,â?• he stated.

Music Director Madeen S.K. saidâ?? â??Even the audience who watch this without any expectations will love this film 100%. I thank Director Raj Anna and the producers for giving me the opportunity to provide music for such a meaningful film,â?• he said.

Director Raj Narendra saidâ?? â??Itâ??s difficult for a small film to even get a guest now. But for us, the media friends are a greater strength than guests. They are our support system (balagam). That is why I am happy that we launched the trailer through them.

We wrote on our poster, "Cinema is not just entertainment, but also education." This is a family film that parents must watch with their children. We designed it to create awareness about nature among children. The film aims to foster love and respect for nature, conveying the message that planting a sapling brings rain, rather than God pouring it down," he explained.
