â?ªï¸• Lloyd Group launches a new venture in the education sector
â?ªï¸• Grand inauguration of Dhanik Bharat Educational Institutions in the presence of eminent personalities
â?ªï¸• â??Dhanik Bharat is not just another business venture, itâ??s our social responsibilityâ?• â?? Vikram Narayan Rao

Hyderabad: The prestigious Lloyd Group has opened a new chapter in the field of education. Having already established a strong reputation in the healthcare sector, the group has now entered the education field with a new venture titled â??Dhanik Bharat Educational Institutions.â?• The grand inauguration ceremony began with a traditional lamp-lighting ritual in the presence of several distinguished guests.

The event was graced by former CBI Joint Director V. V. Lakshminarayana, retired IAS officer and Foundation for Democratic Reforms founder Dr. Jayaprakash Narayan, former IAS officer and Civils Academy Chairman Balalatha Mallavarapu, among others.

Lloyd Group CMD Vikram Narayan Rao said â??
â??Our group has already provided employment opportunities to over 3,000 people through our existing ventures. With Dhanik Bharat Educational Institutions, our aim is to serve society through education. A nation can progress only when its education sector is strong. Our goal is to provide quality, technology-driven education that prepares students to compete at the global level. This is not a business expansion but a socially responsible initiative,â?• he emphasized.

Dr. Jayaprakash Narayan remarked â??
â??The foundations of our education system are weak. From the 10th standard onwards, the rote-learning model suppresses studentsâ?? creativity. Education should not be limited to exams and ranks â?? it must focus on conceptual understanding and independent thinking. Education should not merely prepare students for jobs but for personal growth and service to society.â?•

V. V. Lakshminarayana stated â??
â??Education should remove fear, not create it. True education should bring physical, emotional, cultural, spiritual, and creative transformation in students. When creativity grows, society progresses. The goal of education should be to make every student self-reliant.â?•

Balalatha Mallavarapu added â??
â??There is a growing need for concept-based and technology-driven education. Itâ??s commendable that Dhanik Bharat Educational Institutions are introducing virtual reality classrooms to deliver modern learning experiences. As Swami Vivekananda said, â??Education is the real wealth,â?? and I hope this institution continues in that spirit.â?•

Lloyd Group Director Mahesh Karathekar said â??
â??When one person in a family is educated, that light of knowledge spreads to the entire family. Education is what transforms every home towards progress.â?•

The event was also attended by the directors of Lloyd Group and Dhanik Bharat â?? Vikram Ajay Babu, Vikram Surendra, CA Bheemuneni Tirupati Reddy, Kandimalla Sambasiva Rao, Alla Giribabu, Ram Chintalapudi, Thotakoor Vijay Bhaskar, Vikram Raghav, Vikram Nagarjuna, Kandimalla Poornachandra Rao, Kommineni Murali, and Rayapati Phanindra â?? who shared the vision and future goals of Dhanik Bharat Educational Institutions.
