The romantic thriller 'Adhe Neevu Adhe Nenu' starring **Trinath Varma** (of *Committee Kurrollu* fame), **Yashwanth Pendyala**, **Tanvi Negi** (of *Siddharth Roy* fame), and **Sahar Krishnan** in the lead roles, has emerged as a successful entertainer with an overwhelming response from audiences.

Produced by **Govindu Kandregula** under the **Sri Lakshmi Veerabhadra Creations** banner, the film is written and directed by **Kondal**. Released on **July 31**, the movie has been receiving positive appreciation from audiences across the Telugu states for its unique screenplay and engaging storytelling.

Expressing their happiness over the film's success, **Producer Govindu Kandregula** and **Director Kondal** thanked audiences for their immense support.

Speaking on the occasion, **Director Kondal and Producer Govindu Kandregula** said:

'We are delighted that 'Adhe Neevu Adhe Nenu' is running successfully after its release on July 31. The film has received an overwhelming response from audiences across Andhra Pradesh and Telangana. Viewers are appreciating the film's refreshing screenplay and are calling it a unique cinematic experience unlike routine commercial films.'

The second half of the film beautifully clears the misunderstandings created in the first half while highlighting the importance and strength of the institution of marriage. This emotional aspect has connected strongly with family audiences.'

The story revolves around six principal characters living in a gated community. Making a romantic crime thriller without introducing a single police character was a bold experiment, and we are happy that audiences have embraced it wholeheartedly.

We sincerely thank everyone who made our film a success. We request audiences to continue supporting the film. If you enjoyed the movie, please recommend it to your friends and family. Encouraging new filmmakers and fresh talent like us gives confidence to create more meaningful cinema.â?•
