

TDF Distributes Free Sewing Machine Kits to Women

Description

As part of the Vanitha Cheyutha project, the Telangana Development Forum (TDF) had launched a free tailoring camp in Mustabad last year. To encourage the women undergoing training, TDF, with the support of the TDF-USA Atlanta Chapter, distributed free tailoring kits to them on the occasion of International Women's Day.

TDF India President Matta Rajeshwar Reddy stated that if the trained women showcase their skills, efforts will be made to connect them with the textile industry in Sircilla for business orders in the future. He expressed hope that the women would become self-reliant and successful entrepreneurs. He also encouraged those who missed admission in the previous batch to apply for the upcoming training sessions. Mustabad Mandal women were urged to take advantage of this opportunity.

Interested candidates for new admissions were advised to visit the TDF-Samartha Training Center near the Mustabad Milk Center and submit the required documents to training center in-charge Sunitha.

TDF India President Matta Rajeshwar Reddy extended special thanks to Thota Ganesh, President of the TDF-USA Atlanta Chapter, for his support in the free kits program.

The event was attended by former TDF-USA President Dr. Dinesh Anireddy, TDF-USA Atlanta Chapter member Vani Gaddam, TDF India Women's President T. Vani, TDF India President Matta Rajeshwar Reddy, and tailoring camp in-charge Sunitha.
